Student Comments

Parker Roberts, Class of 2019

“I truly can’t say enough about the Kinesiology Department at CBC. I learned so much while there and was able to have fun while doing it. I will never forget my time there, or the people in the Kinesiology Department who helped me get to where I am today. I am forever grateful.”

Ryan Orr, Class of 2017

“The Kinesiology Department at CBC gave me the base to build my knowledge and career on.”

Jordan Jones, Class of 2015

“I have always been interested in the science behind our bodies and exercise. The Kinesiology Department helped shape those interests into a future. The hands-on training activities and the enthusiasm that the professors brought to the classrooms had a great impact on me. I’ve been able to put to good use what I’ve learned in the department in my career now as a softball coach and teacher.”

Internships

Austin Kuchinski, Class of 2019

“The [Applied Velocity] internship was just a really good opportunity to get some more coaching experience and get to work with different kids.”

Scott Gracey, Class of 2017

“My internship at Michael Johnson Performance allowed me to take what I had previously learned in the classroom and put it into action, while also allowing me to further my education specific to my strength and conditioning. I loved and am extremely grateful for my experience at MJP.”
